**10 years ago:
the internet barely existed
email was optional
e-commerce was unheard of.**

What challenges will businesses face in the next 10 years?

Huntingdonshire is a vibrant, diverse and entrepreneurial economy, and we want to keep it that way. **Huntingdonshire Open for Business** is a chance for business people from across the district to influence the future provision of training and skills support for local businesses.

We want to hear your challenges, your ideas and to let you know about some of the training opportunities currently on offer, so that together we can shape future provision to meet your needs. By attending you will qualify for either a free Training or Organisational Needs Analysis.

Come along to this interactive workshop and support the skills challenge, to access free support and advice, and to hear about some of the future business opportunities in the area – including an update on the Alconbury Enterprise Zone.

During the session there will also be an opportunity for delegates to network with the event sponsors and other support organisations.

Attendance to this event is free, however places are to be booked in advance. To book your place please complete and return the booking form overleaf or email your details to k.hewitt@cambscci.co.uk
