

Test and Trace Support Payments

Frequently Asked Questions

Please note, the test and Trace Support Payment scheme ended on 24th February 2022. If you were required to isolate before this date, you can still submit an Application up to 42 days after your first day of isolation.

Since 28 September 2020, the Test and Trace Support Payment scheme has supported people on low incomes who are unable to work from home and will lose income if they are required to self-isolate because of COVID-19. A payment may also be available for parents or guardians who are not legally required to self-isolate, but need to take time off work to care for a child or young person.

Eligible individuals receive a £500 payment. This is to help ensure people who have tested positive for COVID-19 and their close contacts self-isolate for the required period, and to encourage individuals who have symptoms to get tested. This is important to help stop the transmission of COVID-19 and avoid further economic and societal restrictions. The scheme ended on 24 February 2022.

A. From 16 August 2021, to be eligible for support you must:

- You are fully vaccinated
- You are below the age of 18 years and 6 months
- You have taken part in or are currently part of an approved COVID-19 vaccine trial

A. You will need to complete an [online application](#) and submit supporting evidence:

You will need the following information to complete the application form:

- if applying as the parent or guardian of a child or young person, the child or young person's Test and Trace ID number.

As you will be self-isolating at home, you will need to upload evidence electronically. We are aware that some applicants will not have access to scanning equipment while they self-isolate, so we will accept photographs of documents wherever possible.

Q. How far back can I get this backdated?

A. Eligibility for the NHS Test and Trace Support Payment, including discretionary payments, will be for people who are told to self-isolate on or after 28 September 2020 and who meet the relevant eligibility criteria. Eligibility for parents or guardians of a child or young person who has been told to self-isolate can only be made where the child or young person was told to self-isolate on or after 8 March 2021.

Local authorities cannot accept applications from people told to self-isolate before 28 September 2020, even if the period of self-isolation continues after 28 September, or prior to 8 March 2021 in respect of parent or guardian applications, even if the child or young person's period of self-isolation continues after 8 March 2021.

Q. Can someone else apply on my behalf?

A. Applicants can apply on behalf of someone else. However, the £500 must be paid into a bank account in the name of the person for whom the application is being made. For example, if someone applied on behalf of a parent, the payment would be made into the parent's bank account.
