Note: Where a full moratorium has been triggered, restrictions on entering into a relevant disposal of the asset continue to apply until the end date (six months from when the owner notified the Council of intent to dispose), but at the end of that six months will then not apply for a further twelve months (until the end date of the protected period).

* Not all disposals of asset will trigger the moratorium and there are a number of exceptions where the owner will not be required to notify the Council about their intention to make a specific type of disposal. Please see Annex A of the [Community Right to Bid: Non-statutory advice note for local authorities](#) for the full list of exemptions.
