

Job Description

Service:	3CICT
Job title:	Desktop Analyst
Grade:	E
Hours of work:	Full-Time (37Hrs)
Responsible to:	Desktop Analyst Team Leader
Responsible for	
Direct reports:	None
Indirect reports:	None
Budget:	None

Purpose of Post:

To be a participating member of the second line Service Desk team responsible for operating the Desktop support function within the ICT Shared Service providing ICT services to our three partner Councils.

To support the Desktop Analyst Team Leader(s) in the development and delivery of the ICT Service Plan and Service Improvement planning.

To provide ITIL second line Service Desk technical support to the user base of the three partner Councils (c.1800 staff) and to support Democratic Services Teams with assisting their elected Members with ICT issues.

To provide technical input and active participation in project work delivery (as required).

Key Deliverables:

1. To provide technical support within a skilled Desktop support function:
 - to analyse & resolve IT incidents with a varying degree of complexity across three partner Councils
 - Provide ITIL Second Level Service Desk functions for the partnership
 - to maintain system performance across the 3C ICT estate
 - to provide support for in excess of 150+ Corporate systems
 - determine the priority of incidents with users/Desktop Analyst Team Leader
 - to maintain security of the Councils' IT assets, along with safety, confidentiality and integrity of data held within Council computer systems
 - to provide where required bespoke IT guidance to the ICT Shared Service user base.
 - to administer and help support the Councils' telephony system(s) in conjunction with 3rd party vendor.
 - to maintain and audit inventory of computer assets & software licences
 - to review operational processes, identify any abnormalities and update information as required
 - to perform daily operational tasks such as server checks, system backups and data transfer routines
 - Carry out change management processes to the required standards when dealing with user requests
2. To contribute in IT projects involving the Desktop Team and have a technical input where necessary.
3. The post holder will be required to take part in an out-of-hours system support rota (for which an additional allowance will be made).
4. Undertake any other duties of a similar level and responsibility as may be required from time to time.
